July 26, 1982

Dear Roger:

Hello from Edmonton. I'm pleased to see that "Pilots North" is being exhibited again at Northlands this year.

I very much enjoyed working on that excellent film with you and Jerry and company. We want to make some more music for you too. We've been pretty busy lately (fortunately) but not much of waht we've been doing has been as enjoyable or interesting an experience as was "Pilots North".

Please be sure to let me know of there's anything we can bid on. I'm just three hours and a half from L.A.

Best wishes, and please give my regards to Jerry Clemans.

Sincerely,

Tommy Banks
